WARDENS BANQUET PLEASANT AFFAIR

Warden of Haliburton County, Roy Windover held the annual Warden's Banquet on Friday, November 26th, in the Legion Hall, Haliburton.

The hall was filled with county officials, employees, distinguished guests and close friends of the Warden. Mr. Windover was pleased when introducing his guests to have so many of his immediate family on hand, including his mother Mrs. Ernie Windover.

Head table guests were Mr. and Mrs. Robert Thompson, Warden of Victoria County and Mrs. William Scott, Member of Federal Parliament; Mr. and Mrs. Glen Hodgson, Member of Provincial Parliament for Victoria-Haliburton; Mrs. and Rev. Andrew Hutchison; Mr. and Mrs. Ted Sims, of Totten, Sims, Hubicki Associates; and Mr. and Mrs. M. F. Cheetham of Ontario Water Resources, who was the guest speaker for the evening.

A social hour was held before the banquet, and after a delicious meal served by the Legion Women's Auxiliary the Warden

introduced the head table guests and all present at the banquet.

Much praise was extended to the Warden and the members of County Council for the great effort and strides of progress made over the past year, by speakers Glen Hodgson and Ted Sims. The new Road System now into effect, which will see \$1,000,000 spent in 1972 on County Roads has been a big project and will see a great amount of development come into the County because of this system. Mr. Jack Cox was introduced, he recently was appointed as County Road Engineer, responsible for this large undertaking.

The Warden's Banquet is one of the social highlights of County Council affairs, and is always a pleasant evening, of fellowship. Warden Roy Windover thanked his many guests and friends for making this years banquet a memorable occasion.

MIDGETS TO PLAY BRASS

The Minden Rotary Midgets will test the hockey ability and knowledge of the coaches, managers and executive of the Minden Minor Hockey in an exhibition game on Sunday evening, December 5th at 6:30 p.m.

The proceeds for the game will go into the Minor Hockey Treasury to help pay expenses for the year.

A bus will leave Minden at 5:30 p.m. for any spectators who would like to take in the action. The fee of \$1.00 will cover the bus trip and admission into the game.

Larry Scott, coach of the Midgets feels quite confident that his youthful club can overcome the experience of the coaches with speed. His club is off to a good start this year — so the contest could prove interesting.

KINSMEN ANNOUNCEMENT

Due to weather and other circumstances, some members were unable to deliver their tickets for the money marathon draw, on Nov. 29, 1971. Therefore the first draw will be held on the correct date

County Council To Publish Minutes

Warden Roy Windover declared the November Session of County Council open for business at 2:00 p.m. Tuesday, November 16th, with fifteen members present.

Moved by A. L. Lock, seconded by R. Fotheringham, that the minutes of the Special Meeting of October 19th be adopted as circulated. Carried.

Reports of the Finance Committee and Correspondence Committee were accepted as presented, with the following resolutions arising from letters received:

1) Moved by A. L. Lock, seconded by J. Elder that grants to institutions requesting assistance be given through a County Grant, and that the Clerk-Treasurers of the municipalities be notified. Carried.

2) Moved by Chas. Brandon, seconded by M. McGillivray, that the resignation of R. E. Sims County Road Engineer be accepted, effective November 20, 1971, and that the clerk write Mr. Sims thanking him for his valued assistance as County Engineer. Carried.

Moved by V. Agnew, seconded by Roy Brohm, that the report of the Correspondence Committee be accepted as read. Carried.

Discussion ensued on progress being made on the ARDA programme, following the September motion that ARDA be re-

quested to arrange financing for a Forestry Improvement Programme to create employment in the County during the winter months. Mr. Percy Swanson of the District Forester's Office in Lindsay addressed Council with an enlightening and encouraging report that twenty persons would be hired within the next week, and an additional 40 men shortly. More financial assistance from government agencies is expected the beginning of the year, and approximately 180 men will be given employment during the winter in the forestry projects arranged. Deer Range Manage-

ment is the specific field being sponsored through ARDA funds. Mr. Swanson also reported on conservation and the prohibition of snowmobiles in Algonquin Park.

Moved by Roy Brohm, seconded by Victoria Agnew, "As we are dependent on more winter business, and as the Hydro Line road from Haliburton Lake to Whitney, being one of the better snowmobile trails by being closed by the Department will create a slow-down in winter business; therefore, we, the Council, recommend that a protest letter be written to the

THANK YOU

On behalf of Branch 129, Royal Canadian Legion, Haliburton, Arn Pennycook, Chairman of the 1971 Poppy Campaign thanks the citizens of the Haliburton-Minden district for their generous support of this campaign.

Special thanks to all the boys and girls who volunteered their services as canvassers and contributed much to the success of the campaign. The chairman thanks committee members Mr. Harry Cowan and Mr. Mel Carroll for their enthusiastic support, also branch members, the Ladies' Auxiliary and all who contributed in any way to the gratifying results of this campaign and the Remembrance Day Services.

800 ACRES WITH HOUSE

This acreage is very suitable for a hunt and snowmobile club. Beaver creek flows through property for speckled trout fishing. The house, cabin and large barn are in good condition, it also borders on crown land for more privacy. An excellent investment at \$57,500 Terms.

NEAR KINMOUNT

100 wooded acres, some good timber on this one, with beaver pond and 1320 ft frontage on 121 highway. A nice hunting or retreat property. Asking \$11,000.

MINUTES OF COUNTY COUNCIL - NOVEMBER SESSION

(Continued from Page 1)

Hon. Rene Brunell with copies to R. Glen Hodgson and Hon. Leslie M. Frost" Carried.

Moved by Chas. Brandon, seconded by S. G. Nesbitt, that the minutes of County Council be submitted to the Haliburton County Echo and the Minden Progress as soon as possible after each Council session. Carried

Mr. Gary Agnew, Chairman of the Health Committee, presented a report on that phase of operation, pointing out problems

encountered by the Haliburton, Kawartha, Pine Ridge District Health Unit, particularly with the tremendous number of tile field inspections required in the past six months. In attendance at the meeting were Mr. J. Finlayson, Director of Inspection Services, Cobourg, and Mr. R. G. Chartrand, Chief Public Health Inspector, Lindsay, both of whom elaborated on Mr. Agnew's remarks and discussed problems with plumbing representatives who were present.

The meeting was adjourned until Wednesday morning, November 17th, at 10:00 a.m. when in addition to Council members it was attended by Mr. Robert Allison, District Municipal Engineer with the Department of Transportation and Communications, Huntsville; Mr. R. E. Sims, County Engineer, of Totten Sims Hubicki Associates, Whitby; and Mr. D. Jack Cox, recently appointed County Engineer from Queensville.

The Warden introduced to members of Council Mr. Jack Cox, who commences his association with the Provisional County of Haliburton on November 22nd. Warden Windover thanked Mr. Sims for the great benefits to the County received as a result of his personal concern and service during the past three years.

Mr. Sims presented the Third Report of the Standing Committee on County Roads, engrossing staff arrangements, Scott's Dam Bridge, Road maintenance, Progress report on Development Road 912, with open discussion following. Mr. Sims reported that it has been endeavoured to engage as many local people as possible on engineering and survey projects where men were willing to perform the jobs required. All municipalities have been contacted with an outline for road maintenance, and it is hoped that everyone will accept the proposals in the beginning to get the system under way, and then iron out any difficulties which might arise.

Moved by Chas. S. Brandon, seconded by G. Agnew, that the report of the road committee be accepted. Carried.

Moved by Robert Vick, seconded by Lloyd Walker, that By-Law No. 791, having been read a first time, and second time in Committee of the whole, and carried, be read a third time, passed, signed, and the Corporate Seal attached, being a by-law for the purpose of confirming By-Law No. 71-15 of the Municipality of Dysart for the purpose of stopping up and closing part of Highlandwood Drive and the 1 foot reserve shown on Registered Plan No. 405, of the Township of Dysart, and convey same to the Haliburton County Board of Education in exchange for that certain parcel of land composed of part of Lot 33, Registered Plan 405 in the said

Township, as described in Schedule "A" of Dysart By-Law 71-15. Carried.

As Secretary-Treasurer of the Land Division Committee, Mrs. W. Lahay presented a report which indicated that to date 369 Applications for Consent to sever land had been received since establishment of the Committee in March.

Moved by A. L. Lock, seconded by J. Elder, that By-Law No 792, having been read a first time, and a second time, in Committee of the whole, be read a third time, passed, signed, and the Corporate Seal attached, being a by-law for the purpose of appointing C. M. Campbell to the Land Division Committee, replacing George Finley who resigned October 26th, such appointment effective this date for the duration of Mr. Finley's term which expires January 1st, 1974. Carried.

At 2:00 p.m. Terms of Reference for an appraisal of County Planning were given by Mr. W. A. Ferguson, Director of Planning, with Totten, Sims, Hubicki Associates, who pointed out that it is becoming necessary for the municipalities to plan on a long term basis how they wish to see this County developed.

Moved by Chas. S. Brandon, seconded by Malcolm McGillivray, that we engage Totten Sims Hubicki Associates to proceed with a planning appraisal as outlined in the terms of reference submitted to Council. Carried.

The Clerk-Treasurer was requested to write the Department of Municipal Affairs regarding financial assistance for the appraisal, as outlined in the pertinent motion at September session.

Moved by S. G. Nesbitt, seconded by Lloyd Walker, that the Department of Municipal Affairs be requested to give authority to the County to approve Plans of Subdivision based on a set of regulations approved by both the Department and the County.

Mr. J. G. Mahoney of Canada Manpower, attended County Council meeting to clarify the Federal and Provincial Initiatives Programmes for which applications are now available, and explained that such programmes are designed to promote employment, with a minimum of ten persons for a three-month period, or thirty men for one month.

Mr. Robert Beeney, Chairman of the Committee of Management of the Hyland Crest Senior Citizens' Home, advised that expenses for the year have been in line with the projected budget, with no vacancies, and he read the annual report of the Administrator, Mrs. Elsie Bursey.

Moved by Holly L. Sisson, seconded by Jim Elder, be it resolved that the report of Hyland Crest Senior Citizens' Home be accepted. Carried.

Moved by Holly L. Sisson, seconded by A. L. Lock, that the minutes of general County meetings be published and presented in printed form, and minutes of committee meetings be presented loose leaf.

Questioning was raised regarding the Dysart Sewage Programme, and Reeve Roy Brohm explained circumstances and details to the full satisfaction and assurance of Council.

Moved by Holly L. Sisson, seconded by J. Elder that we adjourn until called by the Warden.

Safety Is A Family Job
Because of their unique fun appeal, snowmobiles seem to be operated by more family members, children included, than perhaps any recreational product in history.

For this reason the recreation experts at Mercury snowmobiles suggest that, in addition to those rules of a more adult-male nature which are frequently repeated, families learn and always observe some special safety rules . . .

Most important, never, never leave your keys in the switch, especially on an electric start machine. This is an all-too-attractive invitation to children to "see what'll happen" if they turn the key - and the result could be serious injury.

Be certain all family members learn the "feel" of snowmobile braking action, and automatically allow adequate distance for the inherent sliding stop of the machine.

All family members should be coached on how to stop a snowmobile if the throttle should stick - by simply and quickly turning off the ignition key.

If children are allowed to operate the machine, they never should be beyond your sight range-in a large open field.

Never over-exert yourself physically in terms of distance travelled or in emergencies such as trying to pull out a stuck machine. The safe rule, especially for youths and women, is to never travel further than an easy walk back to aid.

And the best rule is to travel together as a family - never alone-for more fun and safety too!

Fly Rods Are Fun For Kids

Teaching children how to fish has always been associated with cane poles and worms. This is a good way to interest the very young in fishing, but for kids approaching their teens cane pole angling is too slow. Youngsters nine to 15 years old need action, and plenty of it.

One way to provide the kind of fishing excitement active kids want is to teach them to use a fly rod. On lakes and ponds everywhere, panfish, as well as large game fish, will respond to popping bugs tossed their way by a youngster with a light-action fly rod.

To develop interest in outdoor activities such as fishing and boating is important, and Red Fisher, the fishing expert at Mercury outboards, offers the following tips for parents who want to teach their children to enjoy fly fishing.

First understand that fly fishing is not difficult. Anyone can learn to use a fly rod.

Check book stores for books about fly fishing. Several are published that can be understood by youngsters.

Choose the fishing equipment carefully. There's no need to spend more than \$20 or \$30 for the first outfit.

After some practice casting in the backyard, your enthusiastic angler will be ready to try the real thing. Choose a lake where the chances are good for catching panfish. This is important, for interest in using the new equipment is at an all-time high. Your youngster's future interest in angling could hinge on the success of this first trip with the fly rod.

With popping bugs, a fly rod, and some cooperative fish, an eager youngster's enthusiasm can be turned into a lifetime of fishing enjoyment.

NEW BUS SERVICE

New Through coach Service between Toronto and the Haliburton Highlands.

The Ontario Highway Transport Board has granted permission to Algar Coach Lines Ltd to operate a through coach service between Toronto and the Highlands of Haliburton.

The new service which will be operated in co-operation with Trailways of Canada Ltd. will come effective on Dec. 3rd 1971. The service will be operating on Fridays and Sundays which are the peak travelling periods.

Permission was granted by the Ontario Highway Transport Board after a hearing on Friday Oct. 15th at the Board offices in Toronto. Mr. Art Ward and Mr. Ted Campbell represented the Haliburton Highlands Chamber of Commerce appearing at that hearing in support of the application filed jointly by Algar Coach Lines Ltd. and Trailways of Canada Limited.

The new service will make it possible for a passenger to board a bus in Toronto on Fri-

day nights at 6:30 P.M. and arrive in Minden at 9:30 P.M. No change of bus will be required in Lindsay. On Sundays a passenger can leave Toronto at 1:00 P.M. arriving at Haliburton at 4:15 p.m. or a passenger can leave Haliburton at 4:25 p.m. on Sundays and arrive in Toronto at 8:00 p.m. with no change of coach required in either direction.

Permission to operate this through coach service will result in a considerable saving of time and eliminate the inconvenience of changing a bus in Lindsay for week-end passengers travelling between Toronto and the Haliburton Highlands.

It is hoped that this will make the Highlands of Haliburton even a more attractive tourist area for people residing in Toronto and area.

CHANGE

At the Warden's Banquet on Friday night, the word change was used many times as speakers expressed themselves to the large gathering in the Legion Hall at Haliburton.

Much of the credit for this change was directed at Warden Roy Windover, for it was their feeling that under his guidance County Council had made giant strides over the past year.

MPP Glen Hodgson praised the Warden and members of County Council for being progressive and getting a job done, that meant development of the County — he was of course referring to the \$1,000,000 that will be spent in Haliburton County, throughout the County Road System over the next year. There is little doubt that these improvements will mean a greater flow of tourists and with them, tourist dollars.

Mr. Ted Sims, of Totten, Sims, Hubicki Associates, who has been the Road Engineer in Haliburton County since the County Road System started, said Haliburton County is on the move, and by the kind of development, the County is making with roads, it is progress in the right direction.

It has always been our opinion that until the County developed its roads and other facilities, we would become stagnated, falling behind other tourist regions. It has been for this lack of drive that has held Haliburton County back from moving ahead — but it is apparent now that this County is moving, and with a concentrated effort by Councils of all levels throughout this County, it will take us very little time to catch up to our neighbours on all sides, who are fighting for the same tourist dollar. Of course industry is something that will only come as well, with the development of our facilities in the County.

Talking about change, it is Municipal election time in Lutterworth and Snowdon Townships, and by the excitement generated at both nomination meetings, it looks like some of the taxpayers are after a change. Both Townships will have an election. Eight are running for Council in Snowdon with Reeve Robert Vick acclaimed once again. In Lutterworth, Reeve Robert Beeney, who has been very successful in that Township over the past six years is being challenged by Donald Williams; Deputy-Reeve Lloyd Walker is challenged by Albert Shingler and six councillors are running for the three positions on council.

Two or three of the new slate running in Lutterworth look like strong candidates, however Donald Williams running for Reeve and A. O. Shingler for Deputy-Reeve live in Toronto and are not on hand year round. This type of administration has been tried other places and has never proven successful. In Municipal politics one encounters many problems day by day, and in order to solve them must be close at hand.

However, it will be interesting to see the outcome, it is great to see so much interest shown — this in itself is a change.

EIGHT CHOSEN FOR CONSERVATIVE MEET

Eight area residents will be representing the Victoria-Haliburton Riding at the forthcoming annual general meeting of the Progressive Conservative Party in Ottawa.

Selected by the riding Conservative Association were: Kay (Mrs. John) Boyd, Bruce Boyd of the YPC's, and John Boyd of Lindsay, Arthur Williamson of Omemee, and association president Murray Agnew of Wilberforce.

The meeting is December 4 to 6. Bruce Boyd, along with Walter A. E. (Bert) Hicks of Lindsay, Allison Brandon of Minden and Dwight Thomas of Minden, will also attend the annual meeting of the Progressive Conservative Youth Federation, running December 3 to 6.

Bert Hicks Jr. will be running for a position of executive vice-president of the junior group. He is president of the Victoria-Haliburton Youth Progressive Conservative Association.

He said he intend to campaign on a platform of hard work, determination and dependability — "to help make our party the party for the people of Canada."

REGISTRATION OF HUTS REQUIRED BY ACT

Boshkung, Twelve Mile and Gull Lakes, all in Haliburton, have been added to the list of lakes which come under regulations of the Game and Fish Act that require fishing huts to be registered and numbered.

A.E. Walroth, District Forester at Lindsay, says that all persons intending to put huts on any of these lakes should first apply to the Department of Lands and Forests before doing so. The procedures and exact location to apply will be announced before the opening of trout season, Jan 1, 1972.

Purpose of the legislation is to control abuse of ice fishing huts he says, and to control pollution by littering.

FENELON FALLS

Kirk Hewitt went on a scoring spree Thursday evening in Fenelon Falls, scoring three goals and picking up three assists, to lead the Minden team to a convincing 8-1 trouncing of the Fenelon Falls Midgets.

Even this score flattered the Fenelon team who spent more time running at the Minden team and consequently picking up many cheap penalties which kept the penalty bench warm for most of the second and third periods. The score could easily have been twelve or fifteen to one for Minden had they not hit the odd goal post or gone into the corners and dug the puck out to their men in front.

Kim Hewitt and John Welsh scored two goals each with a single going to Wayne Harrison. Bill Jackson picked up four assists in the game. On the few occasions that the Fenelon team decided to play hockey, Wayne Moxam the Minden goalie was equal to the task kicking out two or three that appeared sure goals.

With a little more fore checking by the Minden team they will be giving the supposedly big teams Haliburton and Bobcaygeon a run for top spot.

THANK YOU

On behalf of Branch 129, Royal Canadian Legion, Haliburton, Arn Pennycok, Chairman of the 1971 Poppy Campaign thanks the citizens of the Haliburton-Minden district for their generous support of this campaign.

Special thanks to all the boys and girls who volunteered their services as canvassers and contributed much to the success of the campaign. The chairman thanks committee members Mr. Harry Cowan and Mr. Mel Carroll for their enthusiastic support, also branch members, the Ladies' Auxiliary and all who gratifying results of this campaign contributed in any way to the paign and the Remembrance Day Services.

SPORTS CORNER

with CLIFF BURKE

MINOR HOCKEY —

Minden Novice 2 Sunderland 2

The Minden Novice team travelled to Sunderland skated to a 2 - 2 tie which flattered the Sunderland team, for they were badly out-played. The Minden youngsters hit the goal posts on six occasions, Paul McKenzie had three break-aways and hit the post twice. Brian Shaw scored both Minden goals, assisted by Tom Gough.

Minden Pee Wees 4 Fenelon Falls 6

On Wednesday, November 24th the Minden Pee Wees opened their season in Fenelon Falls and played a super game despite losing 6 - 4. A great deal of the credit must go to Soup Campbell who has done a great job coaching this team, and they are going to be heard from this winter.

Minden was still much in this game until the Fenelon team scored with less than three minutes to go in the game scoring for Minden; Tom Palmer, Peter McKenzie, Bill Hogg and Scott Gartshore. Timmy Harrison played the first two periods giving up four goals, David Blakey played the last period allowing the last two goals.

Pee Wees next game will be against Haliburton on December 1st. at 7:30 in Haliburton. Season tickets are still available to all Minden Pee Wee home games which are played in the Haliburton arena.

Minden Midgets 5 Bobcaygeon 5

The Minden Midgets settled for a 5 - 5 tie after taking a 5 - 2 lead early in the third period. The tie enabled the Minden team to take over second place in the standings, one point behind Haliburton. The goal scorers were Bill Jackson and John Welch with two apiece and a single by Kirk Hewitt.

Coaches To Tangle With Midgets

On Sunday evening December 5th for the nominal fee of \$1.00 which includes transportation to and from the game plus admission, in Haliburton, you can take in the game of the Minden Midgets against the Minor Hockey coaches. Come on out and watch such by-gone stars as Soup Campbell, Scoop Greir, Broken Rib Harrison, Happy Hunter, Shorty Shaw, Skittles Scott and all the rest of the coaches. Should be an exciting evening of fun.

Minden Bantams 0 Haliburton 9

I do not have any of the particulars on this game, but it does appear that the Haliburton team is quite strong and shouldn't be threatened by many of the teams in the league.

In future would the coaches of all the minor hockey teams call me after each game and give me the scores, goals, assists and penalties incurred by his team. Thank you. The number is 286-1318.

**MINDEN WOMEN'S INSTITUTE HELD NOVEMBER
MEETING AT MRS. D. McCLENNAN'S HOME**

The Minden Women's Institute met at the home of Mrs. D. McCleNNan with an attendance of over 22. The President Mrs. P. Clarke opened the meeting by welcoming the visitors and guest speaker Mrs. Rawlins.

Mrs. V. Cowen gave her report of District Directors Meeting at Fenelon Falls and informed the members that the District Annual will be at Bury's Green on May 25 1972. Mrs. F. Buttmore gave a very interesting and informative report of Area Convention held at the Royal York the first week in Nov.

Mrs. Wallace Walker spoke on Canadian Industries and told us of how Ontario manufactures about 1/4 of Canada's goods and many great plants from Niagara Falls to Oshawa would be but empty shells if it were not for the continuous flow of raw materials from the Canadian Shield far north of Ontario. She explained how our mines came into being and the products they produce. Minerals from salt to silver, from talc to tungsten, from iron to exotic palladium, all help to a large degree towards Ontario's continuing

prosperity. Mrs. Rawlins explained to the ladies about the Club which is being formed. Now you don't have to consider yourself an older citizen to belong. If you are about 60 or so, why don't you come out to a meeting and see how much fun they will be having. Just think, card games, pool, all sorts of fun frolics. Just think of the fun you could have and even meeting your friends from all over the County and having a good chat or gossip. Oh yes, it is all for you older people in Haliburton County. Maybe they will let some of those of us who are fiftyish come once in a while for her so interesting talk, made us envious. You can also visit with your friends at Hyland Crest if you wish. Hyland Crest is making the facilities there available to you but that is all. The Club is on its own and entirely separate from the Home Activities. So get in touch with Mrs. Rawlins or watch the papers for the next meeting and come see for yourself. Mrs. Clarke thanked Mrs. Rawlins for her talk. Mrs. Harry Welch was wish-

ed a pleasant winter for she was heading down to the sunny south for a visit with her son Gerald in Florida. All the other ladies who are going south later this year were also wished a happy holiday and we asked them all to remember us wading in the snow while they basked in the sunshine.

A number of W.I. members are having card parties in their homes and donating the proceeds to Women's Institute.

The draw was won by Mrs. Locke and after the Pres. closed the meeting a very delicious luncheon was served by the hostess who forgot we were trying to watch our waistline, as a result some of us jogged home.

HEARING HELD BY O.W.R.C.

The Ontario Water Resources Commission held a Hearing regarding the site of the proposed sewage treatment plant for Minden. The hearing was held in the Municipal Council Chambers on Friday, November 19, 1971 at 1:30 p.m.

Mr. John H Root, Member of the Legislative Assembly for Wellington-Dufferin, who is Vice-Chairman of the Commission, presided with Mr. D. A. Moodie, a Commissioner with the O.W.R.C.

Representatives of the O.W.R.C. staff, the Haliburton Kawartha, Pine Ridge District Health Unit, R.V. Anderson Associates and the Municipality were present. Reeve Charles Brandon, Councillors Reg Booth and Doug Pritchard and Clerk-Treasurer Richard Parisotto were on hand to represent the Township of Anson, Hindon and Minden. Only 6 members of the general public were on hand.

Mr. H. Browne of the O.W.R.C. staff outlined the provisions of the statutes under which this project is proposed. The necessary certifications of advertisements and notifications were

OBITUARY

Roscoe Hilliard Anderson
Roscoe Anderson passed away November 12th, 1971, in the Red Cross Hospital, Haliburton, Ontario.

Mr. Anderson was born in Apsley Ontario, on December 18th, 1884. He was the youngest son of John Anderson and Annie Leadley, who home-steaded in Tory Hill in the late eighties. At the age of seventeen, Mr.

Anderson attended Military School in Kingston Ontario. During World War 1 he served overseas and rose to the rank of Lt. Col of the 45th Victoria and Haliburton Regiment. Following W.W. 1 Roscoe resided in Lindsay Ontario, where he was officer in charge of the Armories and operated a shoe store on Kent Street. Mr. Anderson was officer-in-charge of Sir Sam Hughes funeral in 1921. Following the death of his wife in 1922 he returned to Tory Hill where he carried on the family business and was Postmaster.

During W.W. 2 he was a familiar figure throughout the County of Haliburton selling War Bonds. Roscoe Anderson was a life member of North Entrance A.F. and A.M. of Canada, Lodge No. 463. In 1968 he received a Certificate of Honour for long and faithful service in the Victoria and Haliburton Progressive Conservative Association. Mr. Anderson served as a Notary Public and Justice of the Peace.

Roscoe Anderson is survived by his wife, Evelyn Stewart Awty, sons Archibald Duncan of Ottawa, Ross Harry of Tory Hill, David Maitland of Cardiff, his sisters Maud of Tory Hill, Edith of Toronto. Grandchildren Ross, Howard, Robert, Wanda, Barbara, Nancy, Laurie Karen and Patricia. He was pre-deceased by his wife Edith MacKague daughter Margery and son John (Jack) who was killed in action near Bruges in Belgium during W.W. 2.

The funeral service was conducted by the Rev. George Phillips at Tory Hill United Church on November 15th 1971. A Masonic Service was held the previous evening. Pallbearers were Howard Anderson Warren Bowen, Donald Finlay Jr., Eric Finlay, Leslie Haas and James Watson. Interment was at the Riverside Cemetery, Lindsay Ontario.

presented.

Mr. Bill Mitchell of R.V. Anderson Associates Ltd. Consulting Engineers outlined the extent of the proposed sewage system including the treatment plant.

Mr Jim Beattie of Minden expressed concern regarding the heavy financial burden this project could place on persons with fixed incomes. The Chairman pointed out that the rates would be advertised and ample opportunity would be given to persons who may wish to object. The minimal attendance of the general public at the hearing prompted Mr. R. Krick to ask, with some bitterness, where everyone was, that they couldn't attend.

Reeve Charles Brandon urged the Commission to expedite the project with the view of completion in 1972. Councillor Reg Booth related the Municipality's experiences in the past where countless delays inevitably ended in costing the people of the community more money and he pressed for swift action to complete the project.

Mr. Root then asked for complaints to the project and when none were forthcoming, the hearing was adjourned and the decision reserved. It is expected that the rates which apply to homeowners will be advertised in the near future.

boa ski

**boaski is
A BETTER BUY...**

Some people say it's the all new aero-dynamic design! Some say it's the new Salisbury automatic drives! Others claim it's the gas tank cap with gauge. Others still maintain it's the longer chassis on the Mark II wide-track. There's something special about Boa Ski all right and that's the people who build it. We put more into Boa Ski so you get more out of it.

THE NATION'S BUSINESS

by William Scott M.P.

When the House of Commons state of mind. He said that it began debate on the Government's attempt to try to omnibus Tax Reform Bill in early September of this year, Robert Stanfield, leader of the opposition, called upon the government to split the bill and allow parts of it to become law while the rest was being fully debated.

Mr. Stanfield said that the Bill was too complex and much too sweeping for it to be allowed to go through the House until it had been debated clause by clause, and until it had been amended to eliminate some of its more restrictive provisions.

A few days ago, after 2 months of debate, Mr. Stanfield repeated his request to have the Bill divided into manageable parts. This time, his request was based on experience gained in debate, indicating that most of the members of the House were having difficulty understanding many of the clauses, and the knowledge that even the government members were becoming disenchanted with the Bill.

There is a general consensus in the House that the Minister of Finance and his experts are confused about some portions of the tax bill, and Mr. Stanfield stated that this was just one more example of the Trudeau Government's confused ment, or whether he simply

One wonders whether the Prime Minister considered the wisdom of his policy state-

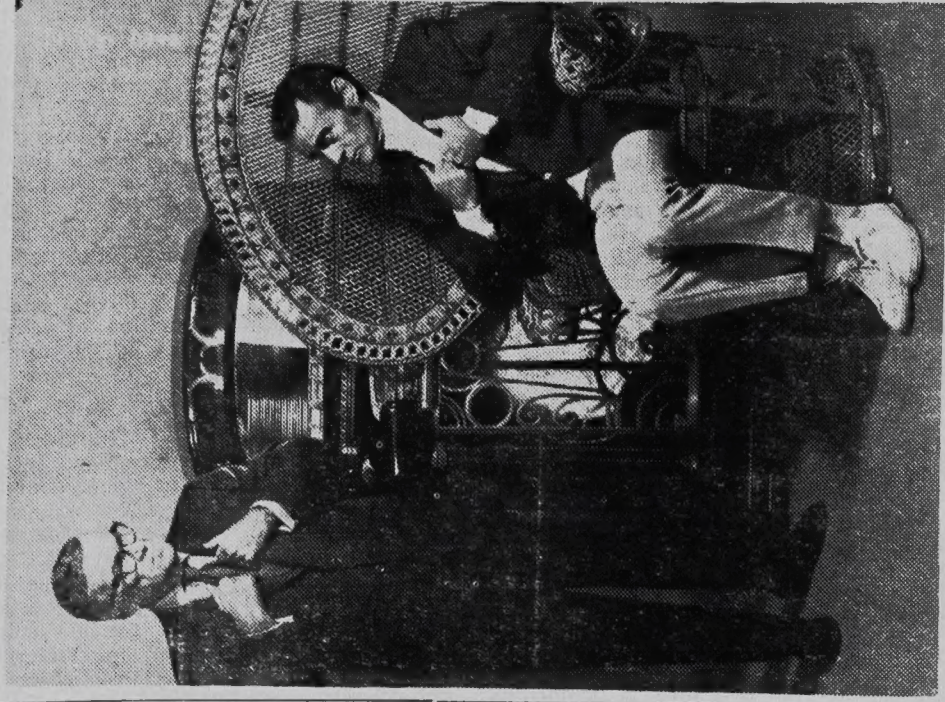

seized upon the first available avenue of escape from the controversial language issue. Some fundamental facts concerning cultural rights should have been available to the Prime Minister, and it is surprising that he did not take them into account.

In the first place, cultural rights have been carefully guarded by the minorities themselves, and have been preserved down through the years by clubs, associations, and other cultural and social groups reflecting the cultural origins of ethnic groups that make up our population.

German, Italian, Ukrainian, Polish, Irish and other ethnic groups have their clubs and associations to preserve their time that they are involved in the mainstream of Canadian Society. The French Canadians have their own societies, such as the Richelieu Club and St. Jean Baptiste Society. There has never been a law against ethnic associations, and there appears to have lost its way.

In the matter of Tax Reform, the languages programme, the elimination or easement of unemployment, economic recovery, and other important questions, the Trudeau Government

the languages programme, the elimination or easement of unemployment, economic recovery, and other important questions, the Trudeau Government

THE MAX FERGUSON SHOW

Canada Works

You can be a moving force in creating

moving force in creating jobs for Canadians.

Canada works when Canadians get involved together. So the Federal Government is putting 498 million dollars to work, through a series of specific programs, to help create jobs for Canadians.

CANADA WORKS WITH YOU

You're a major force in making the program work. We're counting on you, either on your own initiative or through your community groups, to come up with ideas for the Local Initiatives Program. For example, you may have a social service project or an idea such as a cultural program, improvements to substandard housing, assistance to the handicapped, or others that create employment and make your community a better place.

The Training-on-the-Job Program will expand opportunities for training for those who are unemployed or have little work experience, and will work through business and industry.

For those with some basic work experience, the Canada Manpower Training Program has been extended to help provide additional learning.

CANADA WORKS WITH BUSINESS AND INDUSTRY

A program of tax credits or direct payments to employers encourages them to add trainees to their staffs through the Training-on-the-Job Program.

CANADA WORKS WITH MUNICIPALITIES

The Local Initiatives Program will help municipalities create additional jobs through worthwhile community projects. Provincial governments will work with municipalities to use this program to support and spur community projects.

CANADA WORKS WITH THE PROVINCES

There's a Federal-Provincial Employment Loans Program designed to create jobs

by financing additional capital works projects throughout Canada. We'll be speeding up the program of the Central Mortgage and Housing Corporation to get more homes, student housing, and sewage treatment projects under way.

Loans will also be made to exhibition commissions, boards and associations to get people working on multi-purpose fair and trade buildings.

CANADA WORKS WITH FEDERAL PROJECTS

There will be more job opportunities in expanded maintenance and improvement activities on Federal buildings; transportation facilities; forest and park projects; and many others.

WHERE IT ALL WORKS TOGETHER

It starts at your Canada Manpower Centre. For advice and assistance on any of the programs you feel apply to you or your community, contact your local Canada Manpower Centre. They'll be happy to help you.

When Canadians get involved together,
CANADA WORKS.

THE MAX FERGUSON SHOW

Together again! The inimitable Max (he's the one with the running shoes) and the irrepressible Allan McFee (the sartorially splendid gentleman on the left) are reunited in The Max Ferguson Show, heard weekdays at 2:30 p.m. on CBC Radio. Lots of chatter and music (Max's choice), humor, a sound quiz, and guests who make witty and wacky observations on the passing scene. All of it lively, low key and topical. "Positively, Mr. Ferguson." "Absolutely, Mr. McFee."

TENDERS

Sealed tenders will be received by the undersigned until December 13, 1971. To supply a bus and draw school children from Eagle Lake by a West Guilford to Haliburton village schools. This route will commence on September 1, 1972.

A 1972 passenger bus is required and it must meet all safety and mechanical fitness requirements according to the Department of Transportation and Communications regulations.

The lowest or any tender will not necessarily be accepted.

Please mark bus tender on envelope. Address tenders to the:

TOO MANY CHURCH PEOPLE
GOING ALONG FOR THE RIDE

A United Church of Canada head office official pulled no punches as he painted a bleak picture of the church's outreach support in Lindsay Presbytery of the church. "About 4,000 people in this presbytery are just going along for the ride," declared Thomas A. Knott, field secretary of the church's Stewardship Services Department, speaking at presbytery in Minden this past week.

Mr. Knott said that in 1971, the church is down half a million dollars in its mission and Service Fund across the nation, which will seriously curtail some work within Lindsay and neighboring presbyteries. Many people, he said, support the local work of their own church, but never give a penny towards outreach, and thus are "hitchhikers".

Acknowledging that he was "treading on hallowed ground", Mr. Knott suggested that many charges have large bequests "lying fallow" and helping no one. He urged such charges to take a good hard look at world needs, and then at their own stewardship attitudes.

"It takes \$145, now to do the work \$100, did in 1965," he said. He saw the church's role today as especially critical in an era of widespread pornography, drug abuse, and the breakdown of reasonable authority. However, the church's base must be broadened, he declared, pointing out that 96 percent of the church's income is spent on the English-speaking nine percent of the world.

"Our biggest difficulty," he said, "is lack of enthusiasm for the things we profess to believe. We must remember that God's ministry is a ministry of interruption — always being interrupted by people with needs."

ABOUT THE TOWN

With Jeanne Sears

We note that the cost of postage for letters is going up again to 8c the first of the year. People may get out of the way of writing. We understand that many businesses, such as the Banks are ready with other arrangements as soon as a mail strike seems likely.

Those residents at the Hyland Crest who enjoyed birthdays last month included Maude Burns, Gladys Dennis, Jane Fairfield, Pearl Elstone, and Sarah Tolson with belated good wishes going to all these ladies.

Reading in the paper that the Prime Minister's wife is having no privacy as to where their baby will be born. If the secrecy he carried on, in regards to his marriage goes through, we are sure no one will know until after the happy event is over.

Patients at the local hospital on Monday included Mrs. Elsie Harrison, Mrs. Sheila Osmond, Mrs. Carrie Vasey and Norm Maidens. In out-of-town hospitals are Miss Judy Stevenson, Fin Berry, Mrs. Lena Toye, Mrs. I. Moszko and Diane Thomas. Good wishes to go to all these persons for a speedy recovery.

Last Friday many persons enjoyed the Luncheon-Bazaar at the United Church Hall in the attractive surroundings and in the Christmas Spirit. Many articles for gifts or of home baking were purchased.

At the Mini Card Party at St. Pauls Parish Hall last Thursday, winners were for cribbage Jean Roberts and Peggy Brown and for euchre Ruby Windsor and Audrey Dunn. We need more men euchre players to come out and give the ladies opposition. Don't forget Thursday at 1:30 and you will enjoy the cup of tea after the games too.

Last Tuesday there was a small exchange of books at the local library. Miss Cathy Sisson of Haliburton County Library staff and Ron Boyce of Regional, brought 100 adult fiction, 50 juvenile non-fiction and 25 picture books from the Dorset Library in the rotation. Mrs. Wm. Moore, new Regional Director from this County was also there to help us out.

Hint of the week — Cut an X in the middle of a plastic lid from a coffee can and push end of bread wrapper through this X. Keeps bread slices fresh and in order.

Mrs. Harry Welch left last weekend for a visit with the Ron Welchs at Frankford and then on to Florida to spend some time with her son Gerald in Florida. Mr. and Mrs. D. McClennan also are away visiting their son and family at Cape Cod for a month.

There were over twenty people from the County last Wednesday afternoon for the first get-together of the Leisure Hours Club. There were some people playing cards, shuffleboard and Carpet Bowling for the active people. This Club hopes that many more people will come out and enjoy an afternoon of fun and games. There was no Committee formed as yet, maybe at the next afternoon, Wednesday, December 8th and time is 2 at Hyland Crest Auditorium.

Snow and more snow came over the weekend, lots of people still sick with that nasty cold, so take care of yourself.

Cheerio until next week.

HALIBURTON COUNTY PROCEEDS WITH COUNTY ROAD SYSTEM

Development Road preengineering designations have been set for parts of five proposed Haliburton County roads, Minister of Transportation and Communication Charles McNaughton reports.

The roads involved are: from Eagle Lake to Guilford; a section of the Deep Bay Road in Lutterworth Township; a portion of the Essonville Road, in Monmouth Township; Kawagama Lake Road, from Dorset to Minden Bay; and a short section of the proposed county road from Guilford northerly for one-half mile.

The designated sections total 22.2 miles.

"Haliburton County will be directing the development road resources available in 1972 under the special assistance policy developed for the implementation phase of the county road system," said Mr. McNaughton.

COUNTY BOARD OF EDUCATION BRIEFS

Haliburton County Board of Education decides on school changes for September, 1972:

Haliburton Highlands Senior Elementary School - is to house all Grade 4 - 8 students that now attend Eagle Lake, Lakeview, Victoria Street and West Guilford schools. Also, the Grade 5 - 8 pupils from Harcourt, Monmouth and Glamorgan Townships will attend the new school. Proposed enrolment for the school will be 534 elementary school students. There will be secondary school students from Haliburton Highlands Secondary School taking Industrial Arts and Home Economics.

Victoria Street - Lakeview Schools - will have the Kindergarten to Grade 3 students from Eagle Lake, West Guilford and Haliburton Village.

Wilberforce - will have four classrooms of Grade 1 - 4 students from Harcourt and Monmouth townships.

Gooderham - will operate with 2 rooms of Grade 1 - 4 students from Glamorgan Township.

It is planned that the Kindergarten students from Harcourt Monmouth and Glamorgan will continue to attend classes in the Cardiff School, since the teacher and facilities are there.

The Board discussed selling the Harcourt, Eagle Lake and Lutterworth schools and it was suggested that the West Guilford school be given to the Municipality of Dysart to provide a community hall and recreation grounds for the people of Guilford Township.

DOLLARS AND GOOD SENSE

by William J. Martin

Mr. Martin serves as special consultant to Avco Financial Services. All questions should be sent to him at P.O. Box 5875, London Ontario, Canada. Those containing a name and address will be answered in this column or by direct return mail. No names will be used in print.

Dear Mr. Martin:

My former husband ran up so many bills that he had to leave town. Now that I am divorced from him, I find that I am considered a bad credit risk too. How come? He's the one who didn't pay the bills, not me.

P.C.

Dear P. C.:

Your predicament is more and more common these days, I'm sorry to say. Many women and women's groups are taking up the fight but keep in mind that a creditor must go by a set of facts when determining a potential risk.

A husband and wife are considered jointly when applying for credit. Their credit history reflects for or against both of them as individuals. That may not be fair in all cases, but that's the way it is.

The sole criterion for extending credit is the applicant's ability and willingness to repay.

It doesn't make any difference if you are male or female, married or divorced.

Some women, especially young mothers, who have been deserted by their husbands are considered bad risks by many lenders. Young working girls are also classified as high credit risks by most businesses.

The statistical evidence is against you and that's what is causing your credit problem. You can regain credit worthiness, but not all at once. You have to start at the beginning.

If you can get a department store or bank credit card, use this to establish a prompt repayment record. If you can't get these, find a lender to borrow from.

A consumer finance company is a good place to look for a loan. Your prompt payments will begin to build a good credit record for you and eventually you'll find that your credit standing will be restored.

The fact is that until you have some credit history of your own, your general credit category is the only thing lenders have to go on. Start to build a good record and it won't be long before your credit problems will be over.

HALIBURTON HUSKIES

1970 - 71 ONTARIO CHAMPS

VS

LAKEFIELD

COME SEE THE MINDEN PLAYERS WHO HAVE
MADE THE HALIBURTON JUNIOR 'D' HUSKIES

Huskies Back In First Place

The Haliburton Huskies defeated Cannington twice over the weekend. These 2 wins coupled with Lakefield's loss to Bancroft put the Huskies into a tie with the Lakefield club.

The Huskies took a first period lead with goals from Rick Dunsford assisted by Bob Woodcock, Rick Wood scored from John Parrish, and then Bob Woodcock scored with Bev Hicks drawing the assist.

Gerry McElwain increased the Huskies lead in the second period with Roger Bain picking up the final goal.

Gerry McElwain scored 3 goals Saturday night to lead the Huskies to their impressive 7 to 0 shutout. Once again Roger Bain opened the scoring on passes from Hicks and LaPorte. McElwain scored an unassisted tally and came back 3 min later as Carroll and LaPorte drew assists. John Parish rounded out the scoring on a rink long rush that ended with a hard shot to the corner of the net. The Huskies ran into a rash of penalties as John Parish received a 5 min. major for elbowing. Everyone in the arena thought that the referee was a little out on this call, as John hit Nicholson, Cannington's top player with a hard bodycheck. This tremendous

check certainly affected Nicholson's play for the rest of the game. Bob Woodcock who has been moved to the forward lines in an effort to bolster the Huskies scoring attack, scored the only goal of the second period unassisted. Rick Wood scored in the first min of play in the 3rd period with Gerry McElwain assisting. McElwain then notched his third of the evening at the 9:14 mark to round out the scoring.

Dennis Good has played 5 of the six games and is sporting a 1:40 goals against average. Dennis set a Husky club record on Sat. night as the Huskies defeated the Cannington club 7 to 0. This is the first time in the Huskies existence that they have scored shutouts in 2 successive home games. The opposition has scored only once on Haliburton ice, in 3 home games. The Huskies play this Thursday night in Fenelon Falls and then the Lakefield club on Saturday night in the Haliburton arena.

CARD OF THANKS

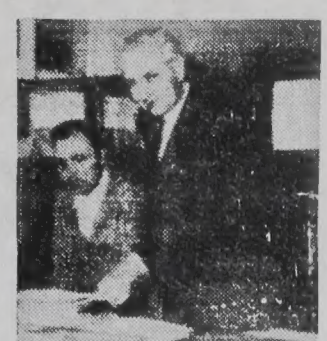

I wish to express my sincere thanks and appreciation to the A.C.W. of the St. Paul's Anglican Church, and many friends for cards, gifts, and visits during my stay at Toronto General Hospital. Special thanks to Dr. Kear and Dr. Spence and staff, and also to the fine nursing care received.

Frank Waters

IS YOUR INSURANCE COMPLICATED?

Not to us! We have a trained way of explaining in simple terms just where you stand on your general insurance. As local businessmen we understand your needs for protection of home, car, cottage and boats from fire and burglary, as well as special perils. Because of the rapid pace of business today it's difficult to keep up with new and better services. With this in mind, we have folders explaining many features and benefits on specific types of protection. Give us a call and we'll be

along to see you and uncomplimentate your General Insurance. You can depend on us, we are Independent Insurance Agents.
